- 2.2. The Council's employees are an important element in preventing fraud and corruption, and they are positively encouraged and expected to raise any concerns that they may have on these issues where they are associated with the Council's activities. This they can do in the knowledge that such concerns will be treated in confidence, properly investigated and fairly dealt with. Members of the public are also encouraged to report concerns through the Parish Clerk or via Councillors.
- 2.3. The Parish Clerk is responsible for implementing the investigation of any allegation of fraud or corruption and will do so through clearly defined procedures. Where appropriate they will appoint an independent investigator and inform the Police at the appropriate and earliest possible stage of the investigation. The Parish Clerk will also:

#### 3. Prevention

## 3.1. Employees

- 3.1.1.The Council recognises that a key preventive measure in the fight against fraud and corruption is to take effective steps at the recruitment stage to establish, as far as possible, the previous records of potential employees, in terms of their propriety and integrity. In this regard temporary and contract employees will be treated in the same manner as permanent employees.
- 3.1.2. The Council will obtain written references regarding known honesty and integrity of potential employees before employment offers are made.
- 3.1.3. Employees of the Council are expected to follow any code of conduct introduced by their own professional body or institute.
- 3.1.4. The Council has in place disciplinary procedures that cover all employees.
- 3.1.5. The role that all employees are expected to play in the Council's framework for internal control is explained as part of the induction process.
- 3.1.6. New employees will be asked to disclose any criminal convictions as part of the recruitment process. Existing employees should also declare any convictions whilst employed by the Council.
- 3.1.7. The Responsible Finance Officer is responsible for the communication and implementation of this Policy in the work place.
- 3.1.8. The work of employees is governed by the Council's Standing Orders, Financial Regulations and other relevant policies. The relevant requirements of each are being met in the day to day conduct of the Council's business to ensure that proper procedures are being followed particularly with regard to the safekeeping of the Council' assets.

#### 4. Members

- 4.1. Members are required to operate within the constraints of the following regulations:
  - The Councils adopted Code of Conduct.
  - Chapter 7 of the Localism Act.
  - The Relevant Authorities (Disclosable Pecuniary Interests) Regulations 2012

## 5. Internal Control Systems

- 5.1. The Council has Standing Orders and Regulations in place that set standards for employees when dealing with Council affairs.
- 5.2. The Parish Clerk has a statutory responsibility to ensure the proper arrangement of the Council's financial affairs, and has developed financial codes of practice and accounting instructions, which underpin financial regulations and outline the system, procedures and responsibilities of employees in relation to the Council's financial activity.
- 5.3. The Council has developed financial systems and procedures which incorporate efficient and effective internal controls. This includes adequate separation of duties to ensure that, as far as possible, financial impropriety is prevented. The Parish Clerk will ensure that such controls, including those in a computerised environment, are properly

- maintained and effective, including documentation and review of the controls.
- 5.4. The appointed internal and external auditor independently monitor the existence, appropriateness and effectiveness of these internal controls.

## 6. Detection and Investigation.

- 6.1. The internal control systems within the Council have been designed to provide indicators of any fraudulent activity, although generally they should be sufficient in themselves to deter fraud. It is the responsibility of the Parish Clerk to ensure that arrangements are in place to give reasonable assurances of detection and prevention of fraud. However, it is often the alertness of employees and the public that identifies that fraud or corruption may have been committed or is in progress.
- 6.2. If fraud and/or corruption is reported then the following responses will occur:
  - Consistent and confidential treatment of information regarding fraud and corruption
  - Investigation by an independent and experienced person
  - When appropriate, submission of a full report to the Police
  - Implementation of a fraud response investigation plan
  - Optimum protection of the Parish Council's interest
- 6.3. Depending on the nature and the anticipated extent of the allegation, the Internal Auditor will normally work closely with the Parish Clerk and other agencies, such as the Police, to ensure that all allegations and evidence are properly investigated and reported upon and, where appropriate, maximum recoveries are made for the Council.
- 6.4. The Council's disciplinary procedures will be used where the outcome of the investigation indicates improper behaviour. Where financial impropriety is discovered, the Police will be called in. The Crown Prosecution Service determines whether a prosecution will be pursued.
- 6.5. The External Auditor has the power to independently investigate fraud and corruption, and the Parish Council may use their services for this purpose.
- 6.6. The Parish Council will periodically conduct an assessment of the risks of fraud, theft, money-laundering and corruption arising from its activities and will consider whether any amendments are needed to its controls and other processes in order to effectively mitigate those risks effectively.

## 7. Training

- 7.1. The Council recognises that the continuing success of its anti-fraud and corruption strategy, and its general credibility, will depend largely on the effectiveness of programmed training and the responsiveness of employees throughout the organisation.
- 7.2. To facilitate this the Council supports the concept of induction training, together with detailed and specific training for employees involved in internal control systems, to ensure that their responsibilities and duties in this respect are regularly highlighted and reinforced. The possibility of disciplinary action against employees who ignore such training and guidance is made clear within this strategy.

### 8. Conclusion

8.1. The Council has in place a clear network of systems and procedures to assist in the fight against fraud and corruption. It is determined that this arrangement will keep pace with any future development, in both preventative and detection techniques regarding fraudulent or corrupt activities that may affect its operation or related responsibilities.
